

230-Volt Scrap Magnets (ESP)

Robust heavy duty magnets built for the rigors of the scrap industry.

Moley 230-Volt Scrap Magnets (ESP) are robust heavy-duty deep field magnets manufactured for the most rigorous demands. These scrap magnets are deep wound for situations when you need the strongest magnetic field. Looking to lift coils of steel, large slabs or high mass pieces of iron? Then this magnet system is the right choice for your application.

- Available Sizes from 42" to 65"
- Deep wound for increased field and lifting capacity.
- Lifting capability to 4,100 plus lbs.
- Other sizes available upon request.

MODEL	WEIGHT	KW	VDC	DIA.	HT. H1	HT. H2	HM1	HM2	TURNINGS
ESP 42	1,918 lb	6 KW	230V	42"	12.60"	45.27"	1,420 lb	1,200 lb	425 lb
ESP 44	2,530 lb	7 KW	230V	44"	12.60"	45.3"	1,640 lb	1,320 lb	587 lb
ESP 50	3,307 lb	9 KW	230V	50"	12.20"	47.24"	2,112 lb	1,890 lb	610 lb
